COMPANY PROFILE

Matthews International Corporation, headquartered in Pittsburgh, Pennsylvania, is a designer, manufacturer and marketer principally of memorialization products and brand solutions. Memorialization products consist primarily of bronze memorials and other memorialization products, caskets and cremation equipment for the cemetery and funeral home industries. Brand solutions include graphics imaging products and services, marking products, and merchandising solutions. The Company's products and services include cast bronze memorials and other memorialization

products; caskets; cast and etched architectural products; cremation equipment and cremation-related products; mausoleums; brand management, printing plates, pre-press services and imaging services for the primary packaging and corrugated industries; marking and coding equipment and consumables, and industrial automation products for identifying, tracking and conveying various consumer and industrial products, components and packaging containers; and merchandising display systems and marketing and design services.

BUSINESS OPERATIONS

The Bronze segment manufactures and markets products in North America, Europe and Australia used in the cemetery, funeral home and architectural industries. The segment's principal products include cast bronze memorials and other memorialization products used mainly in cemeteries. Memorial products include flush bronze memorials, flower vases, crypt plates and letters, cameo portraits, cremation urns, niche units, cemetery features and statues, community and family mausoleums, and granite monuments and benches. In addition, the segment manufactures and markets cast bronze and aluminum architectural products used to identify or commemorate people, places and events.

The Casket segment is a leading manufacturer of caskets in North America, producing a wide variety of wood and metal caskets. It is also a leader in providing assortment planning and merchandising and display products for funeral service businesses. These products assist funeral service professionals in providing value and satisfaction to their client families.

The Cremation segment is the leading designer and manufacturer of cremation equipment and cremation-related products in North America. Cremation equipment and products are sold primarily to funeral homes, cemeteries, crematories, animal disposers and veterinarians within North America, Asia, Australia and Europe. The segment also manufactures environmentally-friendly caskets, which are manufactured from wood fibers and corrugated materials covered with cloth, or paper veneer, which gives the appearance of wood.

The Graphics Imaging segment provides brand management, pre-press services, printing plates and creative design services to the primary packaging and corrugated industries. The segment's principal products and services include brand management, pre-press graphics services, printing plates, print process assistance, print production management, digital asset management, content management and package design. These products and services are used by consumer products companies and packaging manufacturers to develop and print packaging graphics that identify and help sell the product in the marketplace.

The Marking Products segment designs, manufactures and distributes a wide range of marking and coding equipment and consumables, and industrial automation products used by customers to identify, track and convey various consumer and industrial products, components and packaging containers. Marking technologies include contact and ink-jet printing using a wide range of specialty inks, as well as indenting and etching processes. Marking solutions can be a stand-alone operation or integrated directly into the manufacturing process at high speeds with extreme accuracy.

The Merchandising Solutions segment is an industry leader in providing value-added comprehensive merchandising solutions to consumer product marketers and retailers in industries such as electronics, technology, entertainment, food and beverage, apparel, footwear, home improvement, petroleum, appliances and flooring. The segment designs, engineers, manufactures and installs merchandising and display systems, and also provides creative merchandising and marketing solutions services.
