Execution of the proxy will not affect a shareholder's right to attend the meeting and vote in person. Any shareholder giving a proxy has the right to revoke it at any time before it is voted by giving notice to the Corporate Secretary or by attending the meeting and voting in person.

Matters to be considered at the Annual Meeting are those set forth in the accompanying notice. Shares represented by proxy will be voted in accordance with instructions. In the absence of instructions to the contrary, the proxy solicited will be voted for the proposals set forth.

If any other business should properly come before the meeting, it is the intention of management that the persons named in the proxy will vote in accordance with their best judgment.

OUTSTANDING STOCK AND VOTING RIGHTS

The Company has one class of stock outstanding: Class A Common Stock, par value \$1.00 per share, referred to as the "Common Stock."

Each outstanding share of Common Stock of the Company entitles the holder to one vote upon any business properly presented at the shareholders' meeting. Cumulative voting is not applicable to the election of directors.

The Board of Directors of the Company has established December 29, 2006 as the record date for shareholders entitled to vote at the Annual Meeting. The transfer books of the Company will not be closed. A total of 31,703,347 shares of Common Stock are outstanding and entitled to vote at the meeting.

Abstentions and broker non-votes have no effect on any proposal to be voted upon. Broker non-votes as to any matter are shares held by brokers and other nominees which are voted at the meeting on matters as to which the broker or nominee has discretionary authority, but which are not voted on the matter in question because the broker or nominee does not have discretionary voting authority as to such matter.

GENERAL INFORMATION REGARDING CORPORATE GOVERNANCE

Board of Directors

The Board of Directors is the ultimate governing body of the Company. As such, it functions within a framework of duties and requirements established by statute, government regulations and court decisions. Generally, the Board of Directors reviews and confirms the basic objectives and broad policies of the Company, approves various important transactions, appoints the officers of the Company and monitors Company performance in key results areas.

Board Composition

The Restated Articles of Incorporation of the Company provide that the Board of Directors has the power to set the number of directors constituting the full Board, provided that such number shall not be less than five nor more than fifteen. Until further action, the Board of Directors has fixed the number of directors constituting the full Board at nine, divided into three classes. The terms of office of the three classes of directors end in successive years. The Board of Directors has determined that each of its directors is independent, other than Company employees David M. Kelly, Joseph C. Bartolacci and David J. DeCarlo.

The Board has established the position of Lead Independent Director to facilitate and coordinate meetings among the Board's independent directors. The independent directors meet at such times as are necessary and generally on the dates of regularly scheduled Board meetings. The independent directors met a total of four times in fiscal 2006. William J. Stallkamp is the Company's Lead Independent Director.

During fiscal year 2006, there were six regularly scheduled meetings and two special meetings of the Board of Directors.

Board Committees

There are four standing committees appointed by the Board of Directors -- the Executive, Nominating and Corporate Governance, Audit and Compensation Committees.

Management has the same responsibility to each Committee as it does to the Board of Directors with respect to providing adequate staff services and information. Furthermore, each Committee has the same power as the Board of Directors to employ the services of outside consultants and to have discussions and interviews with personnel of the Company and others.

The principal functions of the four standing Committees are summarized as follows:

Executive Committee

The Executive Committee is appointed by the Board of Directors to have and exercise during periods between Board meetings all of the powers of the Board of Directors, except that the Executive Committee may not elect directors, change the membership of or fill vacancies on the Executive Committee, change the By-laws of the Company or exercise any authority specifically reserved by the Board of Directors. Among the functions customarily performed by the Executive Committee during periods between Board meetings are the approval, within limitations previously established by the Board of Directors, of the principal terms involved in sales of securities of the Company, and such reviews as may be necessary of significant developments in major events and litigation involving the Company. In addition, the Executive Committee is called upon periodically to provide advice and counsel in the formulation of corporate policy changes and, where it deems advisable, make recommendations to the Board of Directors.

The members of the Executive Committee are David M. Kelly (Chairman), Joseph C. Bartolacci, David J. DeCarlo and Glenn R. Mahone. The Executive Committee holds meetings at such times as are required. During fiscal year 2006, the Executive Committee met two times.

Nominating and Corporate Governance Committee

The principal functions of the Nominating and Corporate Governance Committee, the members of which are John P. O'Leary, Jr. (Chairman), Glenn R. Mahone and John D. Turner, are to (1) identify individuals qualified to become Board of Director members, (2) recommend to the Board of Directors the director nominees for the next annual meeting of shareholders, (3) monitor and recommend to the Board of Directors changes, as necessary, to the Company's Corporate Governance Guidelines, (4) lead the Board of Directors in complying with its Corporate Governance Guidelines and (5) review and make recommendations to the Board of Directors concerning director compensation. The Nominating and Corporate Governance Committee is also responsible for the annual evaluations of the performance of the Board of Directors and Committees of the Board. This Committee is committed to ensuring that (i) the nominees for membership on the Board of Directors are of the highest possible caliber and are able to provide insightful, intelligent and effective guidance to the management of the Company and (ii) the governance of the Company is in full compliance with law, reflects generally accepted principles of good corporate governance, encourages flexible and dynamic management without undue burdens and effectively manages the risks of the business and operations of the Company. The Nominating and Corporate Governance Committee operates pursuant to a Charter and the Company's Corporate Governance Guidelines, which are available for viewing on the Company's website at www.matw.com under the section entitled "Corporate Governance". All members of the Nominating and Corporate Governance Committee are independent in accordance with the listing standards of NASDAQ. The Nominating and Corporate Governance Committee met three times during fiscal 2006.

Audit Committee

The principal functions of the Audit Committee are to provide oversight of (1) the integrity of the Company's financial statements, reports on internal controls and other financial information provided by the Company, (2) the Company's compliance with legal and regulatory requirements, (3) the qualifications and independence of the Company's independent registered public accounting firm and (4) the performance of the Company's internal audit function (including disclosure controls and procedures for internal controls over financial reporting) and independent registered public accounting firm. The Committee will serve as a vehicle to provide an open avenue of communication between the Company's Board of Directors and financial management, the internal audit department, and the independent registered public accounting firm. The Audit Committee is responsible for appointing the Company's independent registered public accounting firm.

The Audit Committee members are Robert J. Kavanaugh (Chairman), Robert G. Neubert, John P. O'Leary, Jr. and William J. Stallkamp, all of whom the Board of Directors has determined in its business judgment are independent from the Company and its management as defined by the relevant provisions of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"). All members of the Audit Committee are considered to meet the requirements of an Audit Committee financial expert as defined by Securities and Exchange Commission ("SEC") regulations under the Sarbanes-Oxley Act, and Mr. Kavanaugh has been designated as the Audit Committee financial expert. During fiscal year 2006, the Audit Committee met six times.

Compensation Committee

The principal functions of the Compensation Committee, the members of which are William J. Stallkamp (Chairman), Robert J. Kavanaugh, Robert G. Neubert and John D. Turner, are to review periodically the suitability of the remuneration arrangements (including benefits), other than stock remuneration, for the principal executives of the Company, and to prepare an annual report on executive compensation for inclusion in the Company's Proxy Statement. The Committee also reviews, at least annually, succession plans for the position of Chief Executive Officer and other senior executive positions of the Company. A subcommittee of the Compensation Committee, the Stock Compensation Committee, the members of which are Messrs. Stallkamp (Chairman), Kavanaugh, Neubert and Turner, consider and grant stock remuneration and administer the Company's 1992 Stock Incentive Plan. The Compensation Committee met two times during fiscal year 2006.

Meeting Attendance

Under the applicable rules of the SEC, the Company's Proxy Statement is required to name those directors who during the preceding year attended fewer than 75% of the total number of meetings held by the Board and by the Committees of which they are members. During fiscal year 2006, all directors attended more than 75% of such meetings for which they were eligible.

The Company does not have a formal policy with regard to Board members attending the Annual Meeting of Shareholders, but it is customary for the Board members to do so, and in general all or most of the Board members have attended annual meetings in the recent past. All Board members attended the 2006 Annual Meeting of Shareholders.

Compensation of Directors

Under the Company's 1994 Director Fee Plan, as amended, each eligible independent director receives an annual retainer valued at \$30,000. Such annual retainer will be paid either in cash or in shares of the Company's Common Stock, as determined by the Nominating and Corporate Governance Committee. If the Nominating and Corporate Governance Committee decides to pay the annual retainer in cash, a director may instead elect to receive the annual retainer in current shares of the Company's Common Stock or Common Stock credited to a deferred stock account as phantom stock. If the Nominating and Corporate Governance Committee or its Stock Compensation Subcommittee chooses to pay such annual retainer in Common Stock, a director may defer the receipt of such Common Stock. Each Committee chairperson receives an additional retainer fee of \$2,000 (or \$3,500 in the case of the Audit Committee chairperson) for a year of service as a Committee chairperson. The Lead Independent Director receives an additional retainer fee of \$5,000 for a year of service as Lead Independent Director. In addition, each director is paid \$1,500 for every meeting of the Board of Directors attended, \$1,000 for every Committee meeting attended, and \$1,500 for each shareholders' meeting attended. Directors may also elect to receive the common stock equivalent of meeting fees, which will be credited to a deferred stock account as phantom stock. Beginning in fiscal 2005, each eligible independent director received an annual stock-based grant (non-statutory stock options, stock appreciation rights and/or restricted shares) with a value of \$40,000. The precise awards to be granted and their valuation are determined by the Nominating and Corporate Governance Committee or its Stock Compensation Subcommittee.

In 2007, the Company intends to change the value of the annual stock-based grant to \$50,000 and the annual retainer for each Committee chairperson to \$5,000 (or \$7,500 in the case of the Audit Committee chairperson). Additionally, a non-employee Chairman of the Board will receive an additional annual retainer fee of \$45,000 which, at the election of the Chairman, may be received in cash, current shares of the Company's Common Stock or Common Stock credited to a deferred stock account as phantom stock. A non-employee Chairman will not be eligible for meeting fees.

The Company does not provide any retirement benefits or perquisites to any of its non-employee directors.

Access to Directors

The shareholders of the Company may communicate in writing to the Board of Directors by sending such communication to the Board or a particular director in care of Steven F. Nicola, Corporate Secretary, at the Company. At present, such communications will be directly forwarded to the Board or such particular director, as applicable.

PROPOSAL 1

ELECTION OF DIRECTORS

Nominations for election to the Board of Directors may be made by the Nominating and Corporate Governance Committee or by the shareholders. David J. DeCarlo and John P. O'Leary, Jr., whose terms of office are expiring, have been nominated by the Nominating and Corporate Governance Committee to serve for a three-year term that will end in 2010. Nominations made by the shareholders must be made in writing in accordance with Section 6.1 of the Restated Articles of Incorporation. No such nominations have been received.

In recommending and nominating directors for election to the Board of Directors of Matthews, a candidate's background, skills, diversity, personal characteristics and business experience will be assessed, and the following criteria and qualifications as to the candidates should be observed. Candidates are to be of the highest ethical character, share the values of the Company, have reputations, both personal and professional, consistent with the image and reputation of the Company, be highly accomplished in their respective field, with superior credentials and recognition, and provide the relevant expertise and experience necessary to assist the Board and the Company to increase shareholder value.

The Board of Directors has no reason to believe that any of the nominees will become unavailable for election. If any nominee should become unavailable prior to the meeting, the accompanying proxy will be voted for the election in the nominee's place of such other person as the Board of Directors may recommend.

Only affirmative votes are counted in the election of directors. The two nominees for election as directors at the Annual Meeting who receive the highest number of votes cast for the election of directors by the holders of the Company's Common Stock present in person or voting by proxy, a quorum being present, will be elected as directors.

PROPOSAL 2

SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Company's Board of Directors has appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the records of the Company for the year ending September 30, 2007.

The Audit Committee has determined that it would be desirable to request an expression of opinion from the shareholders on the appointment. Ratification of the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of all the votes cast by shareholders of Common Stock entitled to vote at the meeting. If the shareholders do not ratify the selection of PricewaterhouseCoopers LLP, the selection of an alternative independent registered public accounting firm will be considered by the Audit Committee.

It is not expected that any representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting of Shareholders.

The Board of Directors recommends that you vote FOR Proposal 2.

Stock Ownership Guidelines

The Company has established guidelines for stock ownership by management. These guidelines are intended to promote the alignment of the interests of management with the Company's shareholders. The guidelines provide for ownership by management of shares of the Company's Common Stock with a minimum market value ranging up to six times base salary depending upon position with the Company. Individuals are expected to achieve compliance with these guidelines within a reasonable period of time after appointment to their respective positions.

During fiscal 2005, the Company adopted guidelines for stock ownership by non-employee directors. The guidelines provide that each director maintain ownership of shares of the Company's Common Stock (either directly, through restricted shares issued under the Company's Director Fee Plan or through shares held in a deferred stock compensation account for the benefit of the director under the Company's Director Fee Plan) with a market value approximating five times the annual retainer (the annual retainer is currently \$30,000). Directors are expected to achieve compliance with these guidelines within a reasonable period of time after becoming a director.

(1) Includes the current portion of management incentive plan and supplemental management incentive payments. The Company has adopted a management incentive plan for officers and key management personnel. Participants in such plan are not eligible for the Company's profit distribution plan. The incentive plan is based on improvement in divisional and Company economic value added and the attainment of established personal goals. A portion of amounts earned are deferred by the Company and are payable with interest at a market rate over a two-year period contingent upon economic value added performance and continued employment during such period. See Long-Term Incentive Plans - Awards in Last Fiscal Year table. In addition, some or all of the current portion of management incentive plan and supplemental management incentive payments shown in the summary compensation table may have been deferred by the Company under the deferred compensation provisions of the management incentive plan.

(2) Represents payments of deferred amounts under the management incentive plan. Some or all of these LTIP payouts may have been further deferred by the Company under the deferred compensation provisions of the management incentive plan.

(3) Includes premiums for term life insurance. Each officer of the Company is provided term life insurance coverage in amounts in excess of the Company's standard group term coverages. Amounts reported in this column include only life insurance benefit costs, except for Mr. Bartolacci. The amount reported in this column in fiscal 2004 for Mr. Bartolacci includes supplemental compensation of \$12,924 to cover expenses while on an international assignment.

The Summary Compensation Table does not include expenses of the Company for incidental benefits of a limited nature to executives, including the use of Company vehicles, club memberships, dues, or tax planning services. The Company believes such incidental benefits are in the conduct of the Company's business; but, to the extent such benefits and use would be considered personal benefits, the value thereof is not reasonably ascertainable and does not exceed, with respect to any individual named in the Summary Compensation Table, the lesser of \$50,000 or 10% of the annual compensation reported in such table.

Report of the Compensation Committee

The Company's executive compensation policies are administered by the Compensation Committee of the Board of Directors. The Committee consists of four independent, non-employee directors: Messrs. Stalkamp (Chairman), Kavanaugh, Neubert and Turner. Executive compensation for the Company's Chief Executive Officer and the four other most highly compensated executives is presented in the Summary Compensation Table.

Objectives and Policies

The Compensation Committee seeks to:

- . Ensure that there is a strong linkage between executive compensation and the creation of shareholder value;
- . Align the interests of the Company's executives with those of its stockholders through potential stock ownership;
- . Ensure that compensation and incentives are at levels that enable the Company to attract and retain high-quality executives.

Compensation Philosophy

The Company maintains a compensation philosophy that targets fixed compensation (i.e., base salaries) at the median of comparable companies, with greater emphasis placed on variable components of pay. We define the competitive market for executive pay to include companies of similar size and scope to Matthews.

Components of Compensation

The Company's executive compensation program is comprised principally of three elements: base salary, annual incentives (bonuses) and stock options. An independent executive compensation consulting firm is periodically engaged to provide comparative market compensation data.

Base Salary

The objective of the base salary policy is to target compensation at the median level in comparison to the market and to reflect individual performance when determining actual pay. An outside consulting firm specializing in such services is retained periodically to compare executives' salaries with other executives at corporations whose annual revenues are similar in size to Matthews. Accordingly, base salaries of executives for calendar 2006 were increased over calendar 2005 to reflect competitive market pay practices.

Annual Incentive Compensation (Bonuses)

Annual incentive payments paid to executives in 2006 were based upon the improvement in economic value added over the prior two years' base. Economic value added is defined for this purpose as operating profit less the associated capital cost of operating assets. The incentive pools are determined based upon a percentage of absolute economic value added plus a percentage of the incremental economic value added over a two-year base. The incentive pools are distributed to individuals based upon each participant's target incentive and performance relative to achievement of personal goals. Earned incentive awards that exceed target levels are deferred and paid in the subsequent two fiscal years. Payment of deferred amounts may be subject to further deferral by the Company under the deferred compensation provisions of the management incentive plan. In 2006, certain executives received a payout of fifty percent of incentive award amounts earned and deferred from fiscal years 2005 and 2004. The remaining fifty percent earned in fiscal 2005 is payable in 2007 contingent upon economic value added performance and continued employment (except in the event of death or retirement) during fiscal 2007.

In fiscal 2006, certain executives earned incentive awards in excess of target levels. Amounts in excess of target have been deferred and are payable contingent upon economic value added performance and continued employment (except in the event of death or retirement) during fiscal years 2007 and 2008.

Stock Options

Stock options, which are an integral part of incentive compensation for the executives of the Company, serve to encourage share ownership by Company executives and thus align the interests of executive management and shareholders. The Stock Compensation Committee (Messrs. Stallkamp, Kavanaugh, Neubert and Turner) approves periodic grants of stock options to executives and other key employees of the Company to foster a commitment to increasing long-term shareholder value. An outside consulting firm specializing in such services was retained in fiscal 2006 to provide guidance on executives' stock options compared with other executives at corporations whose annual revenues are similar in size to Matthews. During fiscal 2006, certain executives and other personnel were granted non-statutory stock options to purchase a combined total of 610,500 shares of the Company's stock at fair market value at the time of the grants.

Report on 2006 CEO Compensation

The Chief Executive Officer's compensation is established based on the philosophy and policies enunciated above for all executive management. This includes cash compensation (base salary and annual cash incentive payouts) and long-term incentives (stock option awards). In calendar 2006, Mr. Kelly's base salary was increased 13.9 percent. Mr. Kelly's annual incentive paid in 2006 was based upon the annual incentive plan described above. Mr. Kelly was granted 150,000 non-statutory stock options in fiscal 2006 under the 1992 Stock Incentive Plan to further align his long-term interests with those of the Company's shareholders.

Tax Policy

Section 162(m) of the Internal Revenue Code of 1986, as amended, (the "Code") disallows federal income tax deductions for compensation paid to the Chief Executive Officer and any of the other four highest compensated executives in excess of \$1 million in any taxable year, subject to certain exceptions. One exception involves compensation paid pursuant to shareholder-approved compensation plans that are performance-based. Certain of the provisions in the Company's 1992 Stock Incentive Plan, as amended, are intended to cause grants of stock options under such plan to be eligible for this performance-based exception (so that compensation upon exercise of such options should be deductible under the Code). Payments of cash compensation to executives (and certain other benefits which could be awarded under the plan, such as restricted stock) are not at present eligible for this performance-based exception. The Committee has taken and intends to continue to take whatever actions are necessary to minimize, if not eliminate, the Company's non-deductible compensation expense, while maintaining, to the extent possible, the flexibility which the Committee believes to be an important element of the Company's executive compensation program. Compensation paid to the Chief Executive Officer and any of the other four highest compensated executives has not exceeded \$1 million in any taxable year.

Retirement Plans

The Company's domestic retirement plan is noncontributory and provides benefits based upon length of service and final average earnings. Generally, employees age 21 with one year of continuous service are eligible to participate in the retirement plan. The benefit formula is 3/4 of 1% of the first \$550 of final average monthly earnings plus 1-1/4% of the excess times years of credited service (maximum 35 years). The plan is a defined benefit plan and covered compensation is limited generally to base salary or wages. Benefits are not subject to any deduction or offset for Social Security.

In addition to benefits provided by the Company's retirement plan, the Company has a Supplemental Retirement Plan, which provides for supplemental pension benefits to executive officers of the Company designated by the Board of Directors. Upon normal retirement under this plan, such individuals who meet stipulated age and service requirements are entitled to receive monthly supplemental retirement payments which, when added to their pension under the Company's retirement plan and their maximum anticipated Social Security primary insurance amount, equal, in total, 1.85% of final average monthly earnings (including incentive compensation) times the individual's years of continuous service (subject to a maximum of 35 years). Upon early retirement under this plan, reduced benefits will be provided, depending upon age and years of service. Benefits under this plan vest based upon the attainment of certain levels of qualified and total continuous service. However, in order to recruit Mr. Kelly, the Company waived such minimum service requirement with respect to Mr. Kelly. No benefits will be payable under such supplemental plan following the voluntary employment termination or death of any such individual. The Company has established a non-revocable trust to fund the Supplemental Retirement Plan, and a provision has been made on the Company's books for the actuarially computed obligation.

The following table shows the total estimated annual retirement benefits payable at normal retirement under the above plans for the individuals named in the Summary Compensation Table at the specified executive remuneration and years of continuous service:

<u>Covered Remuneration</u>	<u>Years of Continuous Service</u>

The table shows benefits at the normal retirement age of 65, before applicable reductions for social security benefits. The Employee Retirement Income Security Act of 1974 places limitations, which may vary from time to time, on pensions which may be paid under federal income tax qualified plans, and some of the amounts shown on the foregoing table may exceed the applicable limitation. Such limitations are not currently applicable to the Company's Supplemental Retirement Plan.

Estimated years of continuous service for each of the individuals named in the Summary Compensation Table, as of October 1, 2006 and rounded to the next higher year, are: Mr. Kelly, 12 years; Mr. DeCarlo, 22 years; and Mr. Bartolacci, 10 years. Messrs. Beck and Pontone are not participants in the Company's principal U.S. retirement plan or Supplemental Retirement Plan.

The Company's independent registered public accounting firm also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions With Audit Committees," and the Committee discussed with the independent registered public accounting firm that firm's independence.

The Committee discussed with the Company's independent registered public accounting firm and internal auditors the overall scope and plan for their respective audits. Relationship with Independent Registered Public Accounting Firm

PricewaterhouseCoopers LLP ("PwC") has been the independent registered public accounting firm performing the audits of the consolidated financial statements of the Company since 1983. PwC periodically changes the personnel assigned to the annual audit engagements. In addition to performing the audit of the Company's consolidated financial statements, PwC provided fees for services related to the Company's compliance with Section 404 of the Sarbanes-Oxley Act and various other services during fiscal 2006 and 2005. The aggregate fees (including out-of-pocket expenses) billed for fiscal 2006 and 2005 for each of the following categories of services are set forth below.

	<u>2006</u>	<u>2005</u>
Audit fees (includes audits and reviews of the Company's fiscal 2006 and 2005 financial statements)	\$ 770,064	\$ 890,879
Audit-related fees (primarily acquisition related work and audits of the Company's various employee benefit plans)	28,632	120,920
Tax fees	66,309	112,283
All other fees	-	-

All services provided by PwC for significant audit, audit-related, tax and other services are approved in advance by the Audit Committee. Fees for the annual audit, including quarterly financial reviews, are approved by the Audit Committee upon appointment of the Company's independent registered public accounting firm. Other services are approved in advance on a specific project basis during the year. Examples of such projects include acquisition due diligence and tax assistance engagements. Where approval in advance by the Audit Committee is not practical due to time constraints, management provides a written description of the engagement to the Chairman of the Audit Committee and obtains the Chairman's approval prior to proceeding with the engagement. Ratification of such services by the full Audit Committee is obtained at the next scheduled Audit Committee meeting. The Company's independent registered public accounting firm provides a summary of audit and other services and related fees to the Audit Committee at each of its regularly scheduled Committee meetings. The summary includes, by individual project, total estimated fees, actual fees incurred to date and an estimate of fees to complete each project. The Audit Committee has also considered whether the provision of non-audit services by PwC is compatible with maintaining the independence of PwC.

CERTAIN TRANSACTIONS

In July 2005, Matthews acquired certain assets of Milso Industries ("Milso"), and Harry A. Pontone, one of the owners of Milso, was appointed President of Matthews' Casket Division. Mr. Pontone's son and three of his brothers were also owners of Milso. The cash purchase price paid for the assets of Milso was approximately \$95.0 million. In connection with the contingent consideration provisions of the acquisition agreement, the Company agreed to pay additional purchase consideration of \$7.0 million. The additional payment was paid in December 2006. In connection with the acquisition, the Company entered into an employment agreement with Mr. Pontone. The agreement has a five-year term at an annual base salary of not less than \$400,000. Mr. Pontone's son and two of his brothers also entered into five-year employment agreements, each with an annual base salary of \$100,000. Additionally, the employment agreements provide for a total annual compensation pool (base salary and bonus) of \$1,750,000 for the four aforementioned individuals, and an additional three relatives of Mr. Pontone who are also employed by the Company, for a period of five years. Under the terms of the employment agreements, additional amounts can be earned based on the performance of the Company's casket operations during the term of the agreements.

In connection with the Milso acquisition, the Company leases manufacturing and warehouse facilities from entities in which Harry A. Pontone and three of his brothers have an ownership interest. During fiscal 2006, the Company paid rent under the leases of \$1,259,076.

Prior to fiscal 2006, Franz J. Schwarz, President, Graphics Europe, was a 30% owner of S+T Gesellschaft fur Reprotechnik GmbH ("S+T GmbH"), a German graphics business in which the Company owned a 50% interest. On September 30, 2005, the Company acquired Mr. Schwarz's 30% interest for a price of \$8.3 million, which was paid in October 2005. Additionally, Mr. Schwarz's son owns a 20% interest in S+T GmbH. During fiscal 2006, S+T GmbH paid distributions to Mr. Schwarz and his son of \$1,718,835 and \$1,507,561, respectively, representing dividends in connection with their ownership interests.

In July 2004, the Company acquired substantially all of the assets of The Cloverleaf Group, L.P. ("Cloverleaf") at a cost of approximately \$34.0 million, with potential additional consideration contingent upon the future growth in value of the acquired operations. Martin J. Beck was a shareholder of Cloverleaf. In connection with the acquisition, the Company entered into an employment agreement with Mr. Beck. The agreement has a three-year term at an annual base salary of not less than \$250,000. If employment is terminated by the Company without cause prior to the expiration of the employment agreement, the employee is entitled to salary continuation during the remaining term of the agreement.
